MOVE

To Beat Marshall For Vice President
Is Started Among Democrats
At St. Louis.

St. Louis, Mo., June 12.—Ante-convention discussion centered largely today on moves and suggestions to defeat plans for the nomination of Vice-President Marshall and put a new man on the ticket with President Wilson. As the number of delegates to the convention grew hourly, greater or lesser hopes for various favorite sons appeared on the surface to rise and fall with the tide of talk.

A move to defeat Vice-President Marshall for renomination took well defined form and substance when Henry Morgenthau, who recently gave up his post as Ambassador to Turkey that he might engage in the work of re-electing President Wilson, announced that a "stronger man" than Marshall should be named and brought forward Secretary of War Newton D. Baker to run with President Wilson.

News that Morgenthau was backing Secretary Baker created something more than a mild sensation, for it was pointed out that Mr. Morgenthau had

been close to the administration and that it might indicate that the naming of Mr. Baker would not be unacceptable to the President. Mr. Morgenthau hastened, however, to make it clear that he was urging Mr. Baker's nomination on his own responsibility and initiative solely, with the desire of naming the strongest possible candidate for the office.

Schiff Suggests Stronger Man
National Chairman William F. McCombs said tonight that he had received a telegram from Jacob H. Schiff, the New York banker, asking that a stronger candidate be named and Mr. Morgenthau stated that he had a letter from Mr. Schiff also requesting that another than Mr. Marshall be put on the ticket.

Talk that Secretary Baker's name would be presented as a candidate for Vice-President caused a rush of delegates to national committees and other party leaders to know if there had been any change in the plans to renominate Mr. Marshall. The information quickly was given that "no one had been counted long ago" and that while one or two names other than Marshall's might be heard on the convention floor, the vote for him would be virtually unanimous, if there is not a nominating by acclamation.

ROAD COMMISSIONERS

Ask That Election Set For June 24 Be
Set Aside and Explains Their
Reason For Same.

The undersigned, recently appointed by the Mason Fiscal Court as members of a Commission to supervise the expenditure of the proceeds of any bond issue that might be voted in Mason County for the purpose of building roads, desire to make the following statement to the voters and tax payers of Mason County, Kentucky:

Immediately upon their appointment they proceeded to circulate petitions asking that an election be held on Saturday, June 14th, 1916, to ascertain whether or not the voters of Mason County are in favor of voting bonds in the sum of \$200,000.00 for the purpose of building public roads and bridges. After the petitions had been lodged with the Mason County Judge, and the election called it developed that there was some question whether or not the election held in November, 1914, was valid, and a bond issue of \$200,000.00 already authorized by the voters of Mason County. After securing legal advice on this point they find that if the question of the validity of this election is carried through the courts that in all probability the election would be held valid, and the Fiscal Court would be required to issue \$200,000.00 in bonds.

The members of this commission feel that a bond issue exceeding \$200,000.00 is not authorized at the present time, and is not desired by the voters of Mason County, and they are therefore unwilling under the circumstances to advise the voting of an additional \$200,000.00 bond issue until it is definitely determined whether the former election was validly held, and they are unwilling to serve on said Commission if \$400,000.00 in bonds are authorized especially since they feel that the expenditure of that amount of money would be unsatisfactory to the tax payers of Mason County at this time. Furthermore, by reason of the uncertainty surrounding the validity of the November, 1914, election the voters would be unable to vote intelligently at the proposed election. Under these circumstances they feel that in justice to themselves and in order to promote the best interests of the taxpayers in Mason County that it would be unwise to hold the proposed election on June 24th, 1916, and therefore they have asked that the petition heretofore filed by them requesting the calling of said election be withdrawn and that the order of the County Court calling the election be set aside.

In Seventh and Frankfort Won Monday's Contest By the Score of 5 to 4.

Frankfort, Ky., June 12.—The Old Taylors took the game away from Maysville today in the seventh inning when the score stood 4 to 0 in favor of the Rivermen. French had been a puzzle to the Old Taylors up to that time, only one hit being allowed by the Maysville pitcher. Four hits in the seventh inning and two errors netted the Frankfort team five runs, Bacon, pitching for Frankfort, struck out eight men. Not a free pass to first was issued by either pitcher. Score:

WILL TAKE HAMLETT TO LAKE- LAND ASYLUM

Elizabethtown, Ky., June 12.—Barnesdale Hamlett, former superintendent of public instruction, was declared of unsound mind in Hardin Circuit court here today. He will be taken to Lakeland asylum. Mr. Hamlett, who was the Democratic nominee for secretary of State in the last election, was the only Democrat on the State ticket to be defeated. He instituted a contest against James P. Lewis of Whitesburg, the successful candidate, and shortly afterward abandoned it. In the meantime his wife separated from him and instituted divorce proceedings in the Hardin Circuit court. Recently the State instituted a law suit against Mr. Hamlett and his bondsmen for \$69,000 to recover for alleged illegal expenditures in the Department of Education during his incumbency.
